

## *Improve and maintain your health in Valcea County Romania's blue zone*

Immerse yourself in our blessed territory filled with mineral, thermal waters, forests with the cleanest air and salt mines.

***Calimanesti Caciulata Spa Resort*** — Gorgeous mountain resort situated on the Olt Valley, where thermal mineral springs cure diseases and improve health. Thermal pools, both outside and inside, can be used also for relaxation reasons. Lots of hiking possibilities in the area.

***Baile Govora***— Romania's cleanest air with the biggest ozone concentration can be found in this resort surrounded by deep forests, great for lungs and respiratory system problems. If you are searching for silence, interrupted only by the birds' trills, then this is the place for you

***Ocnele Mari***— the healing properties of salt can be tried here in the Ocnele Mari Salt Mine – one of the biggest in Romania with a lot of inside facilities for spending time and also in OCNITA POOLS with salt water where you can float due to high salinity
